

## **IS YOUR QUILT COVERED?**

Is Grandma's quilt really priceless? Now that you have a winner's ribbon from the local fair, should you be concerned that someone might want to steal your quilt? Would you want either of these quilts replaced if something does happen to them? Perhaps it is time to consult a certified appraiser of quilted textiles!

Learning what a quilted textile is worth for insurance purposes or market value does not happen in the same manner as it does on a certain popular television show. Getting a quilted textile appraised requires an examination of the item on the spot, and perhaps follow-up research. If you have ever wondered how much you should insure Granny's quilt or what the replacement cost would be of your recent masterpiece, visit the Warwick Valley Quilters Guild "Stars of the Valley" Quilt Show.
